WESTFALL SURGERY CENTER PATIENTS:
The Center for Medicare and Medicaid Services (CMS) recently issued regulations requiring ambulatory surgery centers to inform you of the following: written notice of patient’s rights, ownership, and advance directive policies.

Westfall Surgery Center, LLP is owned by the following physicians:

Alan F. Bloom, M.D.
Omar E. Hanuch, M.D.
Steve B. Park, M.D.
Ronald R. Reed, M.D.

Advance Directives:

An Advance Directive is a type of written or oral instruction which explains what health care is to be provided should you become unable to make your wishes known. It is the policy of Westfall Surgery Center to accept Advance Directives. However, based on organization conscience, and in accordance with New York State Public Health Law, Westfall Surgery Center will not honor a Do Not Resuscitate (DNR) order. Should there be a medical emergency, appropriate medical care, including resuscitation, will be provided and you will be transferred to an acute care facility. If we have received a copy of your Advance Directive, a copy will accompany you to the receiving facility.

It is your right and responsibility to make educated decisions about your health care. If you need a health care proxy form, they can be printed from the New York State Department of Health website at www.health.state.ny.us or are available at Westfall Surgery Center upon request.

Patient Responsibilities:

Patients should understand and exercise the following responsibilities:

1. Provide a complete medical history, to the extent possible, including information about past illnesses, medications, hospitalizations, family history, and other matters relating to present health.
2. Request information or clarification about their health status or treatment when they do not fully understand what has been described.
3. Follow the treatment plan prescribed by your provider.
4. Provide a responsible adult to transport you home from the facility and remain with you for twenty-four [24] hours, if required by your provider.
5. Inform your provider about any living will, medical power of attorney, or other directive that could affect your care.
6. Accept personal financial responsibility for any charges not covered by your insurance.
7. Be respectful of all the healthcare providers and staff, as well as other patients.
